Signed : 01/12/2004

From: Commander, Naval Air Systems Command

Subj: NAVAIR ENVIRONMENTAL, SAFETY AND OCCUPATIONAL HEALTH
(ESOH) TECHNOLOGY NEEDS SURVEY (TNS)

1. I encourage you to take a few minutes to complete the Naval Air Systems Command's (NAVAIR) biannual survey of ESOH needs. As a compliance or hazardous material/waste manager, Program Manager, operator, maintainer, manufacturer or operational planner, your assistance is needed to help identify the environmental needs that are of the greatest significance to the aviation community. The results will accurately reflect pressing environmental technology needs in Naval aviation. Please forward this memorandum, as you deem appropriate, to other personnel who can identify and document ESOH needs.
2. To facilitate the implementation of the FY04 survey, the Lead Maintenance Technology Center for the Environment (LMTCE) has developed an Internet site for this effort at <https://www.enviro-navair.navy.mil>. From the main menu, choose "TNS" and follow the prompts to "Submit New Needs".
3. For detailed technical information on submitting a need contact Mr. Tom Cowherd 904-542-0516, x118, (DSN 942-0516, x118), and cowherdtr@navair.navy.mil. For management issues contact Mr. Herman Varmall, 301-757-2155 or (DSN 757-2155), and Herman.Varmall@navy.mil.
4. Please submit all of your ESOH technology needs no later than 1 March 2004. We rely on your continued participation to ensure that we focus our efforts on those needs that will provide the greatest benefit to Naval aviation.

CAROL A. KURTZ
By direction
